Does filing only apply to certain territory (territories) or certain classes? If so, specify:

Brief description of filing. (If filing follows rates of an advisory organization, specify organization):

Attached, you will find documentation in support of a rate and rule filing for our Private Passenger Automobile Program. All of the revisions that we are proposing are clearly outlined in the attached documentation. The overall rate adequacy of these changes is +0%.

With this filing we wish to implement a new strategy in the state of Illinois. We propose that all new business will be written in the Associated Indemnity Corporation only. Rating rules will apply to both the new and renewal business, but different base rates will be used. This approach will allow us to segment our business going forward based on profitability without using the current tiering structure.

In addition to this new approach, we propose to implement the following changes for both new and renewal business.

1. Base Rate revisions for all companies.
2. Automobile Pricing Platform revisions (premium impact offset in Base Rates)
 - (a) Decrease charge for 2 SDIP points
 - (b) Revise Household Composition factors
 - (c) Revise Primary Classification factors
 - (d) Revise Insurance Bureau Score factors
3. Extend Physical Damage Symbol/Model Year Relativity Curve to include 2007 and 2008 model year vehicles.
